**Cheltenham and Gloucester Hospitals Charity
Registered Charity no. 1051606**

The Cheltenham and Gloucester Hospitals Charity raises funds to make a real difference for our patients, their families, friends and the staff who treat them.

Your support for your local hospitals enables us to invest in projects that make your hospitals better for you.

Our aim is to create a comfortable and positive environment for all of our patients and staff, investing in improvements to our buildings, in state of the art equipment and extra care over and above that provided by the NHS.

Support your hospitals and help us do more for local people – you can even choose which part of the hospitals you would like your donation to benefit. This can be done through a one off donation, regular giving by standing order, or by setting up a tribute fund in memory of a loved one.

You can also remember Cheltenham and Gloucester Hospitals Charity in your will, a very straightforward way of leaving vital funds that enable us to plan for our future.

Where your money goes

Money generously donated recently has been used to purchase equipment and extra items that we would not otherwise be able to afford. Items purchased include:

Water fountain

When Brigitte Ward's husband Jim passed away at Cheltenham General Hospital last year, her family and friends made use of the Hospital's Mortuary relatives waiting room and viewing room.

Bridget and her family asked for donations rather than flowers for her husband's funeral and raised £1,350 to purchase a water fountain.

Diabetic Eye Screening

Patients across the county are now benefitting from a mobile Diabetic Eye Screening service thanks to donations.

New hoist donation

A former patient on Dixon Ward donated £1,000 to enable the team to purchase a piece of equipment that helps aid mobility.

Susan Hawkey was a patient at Cheltenham General Hospitals and after sustaining a lower leg injury. Susan found the Sara Steady Hoist she used to be such a useful piece of equipment that she decided to fund the purchase of a second hoist for her ward.
